KOBIDO MASSAGE

Kobido is a unique form of massage art that means "ancient path to beauty". It is subject to strictly defined rules based on the tradition of Chinese medicine. It covers the head, face, neck, cleavage and neck. Kobido massage is known as a "non-surgical face lift". Its characteristic feature is the speed with which the therapist performs the procedure. The massage consists of several stages, techniques performed slowly provide deep relaxation, thus eliminating muscle tension. Switching to faster, intense movements typical of Kobido allows you to stimulate the skin and achieve a lifting effect.
